

Improving Resource Discoverability

Multilingual Subject Access

ALCTS CaMMS Faceted Subject Access Interest Group

Saturday, June 24, 2017

4:30 – 5:30 pm

Hilton Chicago, Continental B

Magda El-Sherbini
Head, Collection Description and Access
Department
The Ohio State University Library

Outline

- Background
- OSU –Multilingual Subject Headings
 - Reasons
 - Pilot Projects
 - Linked Data and Non-Roman Subject
- Remarks
- Next steps

Background

When Did it Begin

- The ALCTS (Association for Library Collections and Technical Services) Steering Committee to Oversee the Implementation of the recommendations contained in the Report of the ALCTS Task Force on Non-English Access 2007-2009
- http://www.ala.org/alcts/sites/ala.org/alcts/files/content/ianda/nonenglish/0510_final_report.pdf

Recommendation#11 Charge

- Assign the ALCTS Subject Analysis Committee (SAC) to work with appropriate library organization, to study the needs of library users for multilingual subject access in the appropriate script(s), and to propose steps to address those needs

Issues with the Charge

- Extremely vague.
- Too broad.
- A research project that might never be completed.
- Is outside SAC's scope. SAC doesn't do much research on end users or their needs.
- **Promote research on the non-English subject access.**

Research

- Promote research on the non-English subject access.
- An Assessment of the Need to Provide Non-Roman Subject Access to the Library Online Catalog. Cataloging & Classification Quarterly. [Volume 49](#), [Issue 6](#), 2011.

Key Findings of Research

- End users were not completely dissatisfied with the current library catalog;
- **End users and librarians want a system That is more open to multilingual subject headings;**
- Highlighted areas of opportunity for libraries to make significant improvements to the catalog.

Research Grant

- Bibliotheca Alexandrina

Result

- User's ability to search materials by subject in three languages and different scripts.

Cross references

The screenshot displays the BA Catalog interface. On the left is a navigation menu with links: Search here..., About the Library, Overview, Mission & Objectives, Director's Message, Organization, Library & Specialized Libraries, Academic Research Centers, and Planetarium Science Center. The main content area features the 'BA Catalog' title and a list of cross-references. The first table, titled 'Hits Original Term', shows a search for 'Database management' with 145 hits. The second table, titled 'Hits Related Terms', shows a search for 'Bases de données -- Gestion' with 6 hits. Below these is a 'Notes' section explaining the term 'Vedette matière nom commun'. A third table lists related terms with their respective hit counts. On the right, there is a 'Quick Search' section with a search box, radio buttons for 'Anywhere', 'Books', 'Newspapers', and 'Periodicals', a 'Search' button, and a 'Patron Access' link.

Hits	Original Term
Search on term 145	Database management

Hits	Related Terms
Search on term 6	Bases de données -- Gestion

Notes:
Vedette matière nom commun. S'emploie en tête de vedette.

Search on term 15	إدارة قواعد البيانات
Search on term 8	Data compression (Computer science)
Search on term 15	Data warehousing
Search on term 12	File organization (Computer science)
Search on term 1	IMS/VS (Computer system)
Search on term 4	Text processing (Computer science)

A Few Comments on BA Processing

- Extensive work has been done to manually map concepts from different knowledge organization systems (LSCH, Rameau, and Arabic Subject headings), which is a tedious and expensive process
- Mapping depends on the cataloger's understanding of the concepts in these three languages
- Sometimes the concepts can be used to mean something else in different languages

OSU –Multilingual Subject Headings

Reason # 1

FAST and Multilingual Access

FAST Terms

- Simpler
- FAST converter
- FAST and MARC
- FAST and linking fields

Reason # 2

User's Needs

Users can search the library catalogue by subject terms in their preferred languages, e.g., Arabic, Chinese, Japanese, etc.

The Pilot Project

- Started in February 2015
- Established basic guidelines
- Requested some MARC fields to be indexed in the online catalog
- Decided on the languages of the subject headings to use
- Future: Linking the non-Roman subject heading to the LSCH through the authority record

Established Basic Guidelines

- MARC fields:
Use 6xx second indicator 7.

International Subject Thesaurus

- Autoridades de la Biblioteca Nacional de España (Madrid: Biblioteca Nacional de España)
- *Sharing* 국가서지:도서(서지), 온라인 자료, 기사 색인 및 주제명, 저자명, 그리고 도서관 정보 Linked Open Data에 대한 탐색 서비스를 만나보세요!

Remarks

- A possibility to create an Arabic subject authority center that would serve the Arab world through cooperative arrangements.
- A possibility of developing resource sharing and cooperation on a global scale.
- The need to establish procedures for creating standard forms for Arabic subject headings.

Next steps

- Planning to add non English Subject Headings for Legacy records.
- Add other languages such as French
- Explore the possibility of linking Non-Roman terms to the LC authority File.
