*Number of committee members is indicated in parentheses. If a committee member serves two roles (i.e., the Membership Committee chair is also on the Steering Committee), then that position is only counted once for the "positions to fill."

‡Scenario #1 "Simple Streamline": Executive Committee would include three "at-large" members elected to rotating three-year terms. Numbers of committee members might be changed to better match needs; for instance, the Cataloging/Education Committee might not need to be 20 members.

ºScenario #2 "Divide and Discuss": Executive Committee would include three "at-large" members elected to rotating three-year terms.
Same Committee structure (more or less), rename and simplify Discussion/Interest Groups. Committees would be more about the "work of the organization."

⁺Scenario #3 "Rename and reframe": Executive Committee would include three "at-large" members elected to rotating three-year terms.
Combines committee functions, reframing them according to the mission. Turn Task Forces into Interest/Discussion Groups
