  - Virtual  
*Feedback was positive on holding virtual meetings, including around midwinter.*

- Meeting/presentation?

### **DISCUSSION:**

*We didn't get to all these questions, so keep them in mind for other forums or events. Below were highlights.*

- Professional Development sources for teaching with technology?

*(Websites, Blogs, conferences, Librarians or groups on Social Media)*

*DevLearn – Las Vegas Instructional Designers conference – this was highly recommended by attendee. <http://www.elearningguild.com/DevLearn/content/4500/devlearn-2016-conference--expo--home>*

*Note: One attendee was not yet a LITA member but was interested in learning more. We discussed this group and other LITA events, including at the conference.*

- Other experiences from your library?

*There was a general discussion about the transition from public to academic libraries – noting stakeholder differences. The importance of good online instruction tools was noted. Videos for online learners was recommended. Also noting the role of the ID (Instructional Designer) who must respond to faculty requests and prepackaged products.*

- *Thank you, we hope you had a good conference! ~ L.R & G.H.*
